Statistics

- About one in three high school students have been or will be involved in an abusive relationship.
- In one study, from 30 to 50 percent of female high school students reported having already experienced teen dating violence.
- One in five or 20 percent of dating couples report some type of violence in their relationship.
- A survey of 500 young women, ages 15 to 24, found that 60 percent were currently involved in an ongoing abusive relationship.
- A survey of adolescent and college students revealed that date rape accounted for 67 percent of sexual assaults.
- More than half young women raped (68 percent) knew their rapist either as a boyfriend, friend or casual acquaintance.

Presents

PROM NIGHT

**An Educational
Theatre Program
About Relationship
Violence**

What is *Prom Night*?

- ***Prom Night*** is the story of a young woman who was physically and sexually abused by her boyfriend.
- It is a 15 minute play, designed to be presented to a group of no more than 300 people.
- Following the play, a panel discussion with the actress and violence prevention professionals will allow the audience to review the warning signs and misconceptions about jealousy and dating violence, and strategies to prevent it.

Why Should You Bring *Prom Night* To Your School Or Organization?

Prom Night can be utilized as an effective introduction to developing a violence prevention program.

The ***Prom Night*** program can have both an immediate and long-term effect on the audience.

Prom Night is an incredibly powerful performance.

When used together with a curriculum and other community efforts, ***Prom Night*** has the potential to effectively reduce the incidence of teen violence.

Please call us today if you would like more information, or to schedule a meeting about presenting ***Prom Night***
